

Anglia Print Ltd. retain Gold Carbon Charter Award

Anglia Print Ltd. produces high quality print using state of the art technology with minimal environmental impact. The organisation describe themselves as: "an eco-friendly, Carbon Neutral certified printing company based in Norwich and Beccles, East Anglia. We print with the environment in mind."

Anglia Print Ltd. has retained Gold by:

- **Premises:**
 - Installed a new digital press using the latest digital technology which has increased energy efficiency.
 - Invested in finishing equipment, this allows Anglia Print to produce in-house processes that were previously sub-contracted.
 - 100% renewable energy tariff from Ecotricity.
 - Wildlife garden at the rear of the factory encourages biodiversity.
 - All unavoidable emissions produced are offset (115% of emissions are offset).
- **Materials and Waste:**
 - Sustainable procurement is a key focus to Anglia Print Ltd. with all emissions from their supply chain sought to be minimised.
 - The majority of products and services required are locally sourced.
 - They and all members of their supply chain have ISO 14001:2015 in place.
 - Zero waste has been sent to landfill since 2005.
- **Transport and Delivery:**
 - Company bicycle available to all staff members to replace personal vehicle for travel into town.
- **Staff and Community Outreach:**
 - A dedicated Environment tab on their website hosts Climate Change, The Circular Economy and Recycled Paper pages outlining their positive actions and environmental ethos.
 - The UK's first B Corporation Certified printing company.
 - IEMA's Sustainability Impact Awards' Sustainable Organisation 2019.

"Climate change is higher on the world's agenda than ever before and all businesses need to play a part in reducing emissions to help the UK meet its commitments established in Paris, 2015.

Anglia Print have been strongly aware of our environmental impact for a long time now and have sought action and tried to raise awareness for a long time too. We are delighted to have achieved the Gold Award again and see the Carbon Charter as a great tool for other businesses too!"
